

King School Chess Club Rules

The following rules were designed so that *all* students will be able to enjoy themselves at chess club. Please read these rules thoroughly and discuss them with your parents. Then return the bottom portion to the chess club manager as soon as possible while keeping the top portion for your reference.

1. I will sign in to chess club each week. Students will be released to a parent who signs them. *Always check for messages in the note section of the sign-in sheet.*
2. I will arrive at chess club ready to play chess. After I finish each game, I will quickly seek out a partner for another chess game.
3. I will respect other players by playing quietly and entering and leaving with as little disruption as possible.
4. I will respect King School Chess Club equipment by handling chess boards, pieces, clocks, handouts and books carefully.
5. I will notify my teacher about chess club attendance, following his/her instructions.
6. I will begin cleaning up my chess materials (counting and packing up pieces) at 4:30 so that I will be ready to leave by the 4:40 ending time.
7. The chess club manager and coaches have the right to exclude players who are not following these rules.

I understand the Chess Club Rules and agree to abide by them.
